	Title	Current OR
1	Method and apparatus of detecting positioning error of electric component held by suction nozzle, and method of mounting the electric component	29/740
2	Electric-component mounting system and method of detecting positioning error in the system	29/833
3	Method of detecting position of rotation axis of suction nozzle, and electric-component mounting system	29/834
4	Method and apparatus of detecting positioning error of electric component held by suction nozzle, and method of mounting the electric component	29/833
5	Method of supplying electric component, and electric-component mounting system	29/832
6	Electric-component mounting system	29/743
7	Apparatus for detecting positioning error of a component with respect to a suction nozzle	<b>29/740</b>

	Title	Current OR
8	Jig for use in measuring mounting accuracy of mounting device and method of measuring mounting accuracy of mounting device	29/833
